REPORT OF THE MASTER PLAN COMMITTEE

As a result of a vote at the 1977 Town Meeting, it was voted to have the town study the possibility of a Master Plan for the Town. A series of public meetings were held in the fall and a committee of interested citizens was appointed by the Planning Board to develop a Master Plan. Jack Penney was appointed Chairman assisted by Mark Thompson.

The initial step has been to conduct an inventory of resources in the town. John Bozak was appointed to chair the Natural Resources Inventory Committee; Charles Matteson heads up the Community Resources Inventory Committee, and Jack Cresmer is at the helm of the Human Resources Inventory Committee.

These various committees, consisting of almost 50 interested citizens are hard at work at their various assigned tasks. Our goal is to finish the inventories and related mapping by April. We will then conduct a series of educational meetings designed to acquaint committee members with the various methods of growth control. Alternatives will be selected and evaluated and our suggestions towards a Master Plan and rules on Zoning changes will be presented at hearings for a vote at the General Election in November.

Any citizen interested in participating in this effort is urged to contact one of the Chairmen.

TOWN CONSERVATION COMMISSION STRAFFORD, NEW HAMPSHIRE

The Conservation Commission, with the Strafford Women's Club, co-sponsored Miss Carole St.Clair for a week at Spruce Pond Conservation Camp. This is a conservation education program under the direction of the Society for the Protection of New Hampshire Forests at Bear Brook State Park.

The Strafford Town Forest continues to be used by young and old alike. An upgrading of the nature trail system is being planned for this coming season.

Dredge and Fill Permits continue to be reviewed as they are filed with the Town. No unusual dredge or fill activities took place this year.

A number of present and past members of the Commission are deeply involved in the Town Plan process, especially in the subcommittee for Natural Resource Inventory. The past experiences and knowledge of these members should greatly assist the mapping and inventory process.

Robert J. Perry has been appointed to a term on the Conservation Commission. He succeeds Gerald Howe whose past service with the Commission is greatly appreciated.

REPORT OF LIBRARY TRUSTEES

The library was fortunate to obtain Ellen Stiles as the new librarian. Theresa Sammis resigned in August after doing an excellent job. The Trustees have revised some policies and copies of these revisions are at the library.

Nelson McLean and the Delmar Goodwins each gave \$100. for a book drop which was installed by Davis Clarke.

Volunteers interested in the library have given their time so that the library is now open 15 instead of 12 hours weekly.

The photo exhibit by Robert Huckins and Barry Nation was very well received. It is hoped other exhibits will be shown making the library a center of town interest.

Our very active Strafford Library Association is responsible for new shelves which were installed by George R. Foss.

We commend the new librarian for her efficiency and organization.

STRAFFORD LIBRARY ASSOCIATION REPORT

The S.L.A. continues to serve the public via the library with an open membership of 43. Many new books have been purchased and a number of others donated, so new shelves have been added. The bookmobile comes 4 times a year bringing new and favorite books to our readers. A volunteer program has been set up, allowing the library to be open more hours and the outside book drop is also a welcomed addition. Betty Stiles was selected as our new librarian upon the resignation of Teresa Sammis last summer and our best wishes go to both of them in their new jobs.

The Jane Huckins Fund sponsored 36 excellent programs this year which were varied to interest all age groups. The Summer Reading Program was also a popular feature with the younger people and our appreciation is extended to all who used their time and talents to make it a success.

The Lena Leighton Fund was established 2 years ago from donations made to the library in her memory. The interest from this fund has been designated by her family for the purchase of books of historical or local significance and a number have already been acquired through this fund. An interesting Town of Strafford Historical Album has been compiled by the historical committee and is on display at the library. If anyone has any more items to donate or loan for copying, they will be greatly appreciated.

A number of money donations have been received in response to our semi-annual newsletter. The S.L.A. has also had some fund-raising activities to give the Association the means to better serve the public and any further donations will be gratefully accepted.

REPORT OF THE POLICE DEPARTMENT

The information given is the Eighth Annual Report of the Strafford Police Department. There were weekly patrols this year. This year with the help of the State Police and this Department, several subjects were apprehended. This includes breaking & entering, stolen cars, and other stolen articles.

We have travelled approximately 12,290 miles and put in approximately 1,175 hours.

It is also very helpful if the residents would call us when they observe any vehicles or subjects that they see around homes or camps that don't belong in the area. This also helps keep the crime rate down.

Several home owners have requested periodic checks of their homes while they are on vacation.

The Officers can be reached at 664-2837, 664-5500 and also through the Strafford Dispatch Center at 742-4968.

On behalf of the men on the department, I would like to thank the inhabitants of the Town of Strafford for their support during the past year.

Respectfully submitted,

EDGAR E. BURROWS

If anyone has any questions regarding their wood stove or would like us to give it a safety inspection, then feel free to call Chief Loren Pierce at 664-7715.

During the past year the men raised a little over \$1,300.00 which has been spent on new equipment or gear for the men. We bought a portable pump and suction hose for \$800.00 and the rest is going to be spent on radio equipment and helmets, coats and boots for the men.

STRAFFORD FIRE DEPARTMENT REPORT (cont.)

Last spring a 14 week pump class was held at our Center Station and it was attended by most everyone on the department. It was instructed by a State Fire Service Training Instructor.

The department is in need of more members especially those that are around during the day. Please call Chief Loren Pierce at 664-7715 if you are interested.

We wish to thank everyone for their continued support.

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of $\frac{1}{4}$ of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between town/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

RURAL DISTRICT HEALTH COUNCIL, INC.

ANNUAL REPORT – 1977

The Rural District Health Council, Inc. has experienced another year of growth and expansion of staff.

The skilled nursing remains as the priority service within the agency. The agency's staff also conducts adult health screenings weekly to member towns. This year a new program has been established in New Durham at the elementary school the first Wednesday of each month; the second Wednesday in Farmington Town Hall, the third Wednesday at the Northwood Town Hall, and the fourth Wednesday at the Milton Health Center.

The number of patients enrolled within this program being 429 with an average of 79 patients seen each month. This service is partly funded by the State Council on Aging, Title III and the Rural District Health Council. This program has become a very active one and the Council looks forward to increasing the type of screening in the new year.

The Referral Coordinator at Frisbie Memorial, Mrs. Marie Dexter, RN has seen an increase in referrals being made to other Home Health Agencies. With the increase in service and cost of the program the agency looks to other sources for financial help. Mrs. Marie Dexter, RN is on the State Discharge Planning Committee.

The agency also participates in the After Care Program in cooperation with the Strafford Guidance, and Seacoast Counseling Centers.

The Council continues Home Health Aide services through the contract with the Strafford County Home Maker, Home Health Aide Association, and also with the two Home Health Aides within the Agency; Gail LaRosa who covers the areas of Farmington, Milton, Middleton, New Durham and Barrington and Roberta LaFreniere covering the Northwood, Nottingham, Deerfield and Strafford areas. This enables a better utilization of the professional staff while continuing to provide quality care.

The Child Health Program has seen an increase in service within the past year. Miss Arlene Thorne, RN coordinator of the program has been appointed as a member for the State Child Health Conference Committee. This program offers physical examinations, immunizations, teaching and counseling for ages 0—6 years. This is funded in part by the U.S. Dept. of Health Education and Welfare, NH Division of Public Health, Bureau of Maternal and Child Health Grant and the Rural District Health Council. This program has an enrollment of

835 children from 0—6 years of age. This is a costly program as services are provided without charge to the residents. It does provide a needed service to the member towns as transportation is a problem and the services are provided in the areas. The Child Health program also provides home visits when necessary to assure continuity of care. Within this program there is a Dental program provided by the Division of Public Health, Bureau of Dental Health which provides cleaning and fluoride treatment every six months for children ages 3—6 years.

The State has joined forces with the Federal Government to implement an ongoing immunization program for all children ages 0—school. The agency is represented on this Task Force by Ardala Houle, RN.

Because transportation is a problem in the areas covered by the agency the Council offered space for the Strafford County Prenatal and Family Planning Clinic to hold a satellite program once a month at the office, the first one taking place on July 26, 1977. The program is providing a need and sees an increase in service. Throughout the year we have provided home visits to the patients of Strafford County Prenatal and Family Planning Program and the Exeter Area Family Planning Program.

The continued success of the program lies in the dedication of the Agency's personnel, and the capable professional staff assures the availability of quality care. Because of the growth of the agency and the many services provided, it was necessary to appoint Marie Dexter, RN as Nursing Supervisor, and Referral Coordinator, and Arlene Thorne, RN, Maternal and Child Health Coordinator covering all member towns; nurses being Barbara Drew, RN Farmington, Mary Timmons, RN Milton, Middleton, New Durham, Joanne Pearson, RN, B.S.N. Northwood, Nottingham, Deerfield. The Council is very fortunate to have Elizabeth Coons, RN on the staff covering Barrington and Strafford. Myrtle Walsh, RN and Alice Ziegra, RN, B.S.N. cover when needed. Kathleen Hansen, RPT and Carl Scholls, RPT cover for physical Therapy.

The office duties are efficiently handled by Eleanor Eaton and June Chase.

With the adoption of a new position and the salaries increased equal to the area, the Council is seeing a marked increase in the budget. The Council finds it necessary to increase the per capita request from each Town to \$1.50 in order to continue to provide these greatly needed services.

During the past year the Council has made 204 Skilled Nursing Visits, 10 Home health Aide Visits, 10 Physical Therapy Visits, and 50 Child Health Visits with a grand total of 254 for the town of Strafford.

Anyone interested in additional information is urged to contact the Rural District Health Council, Inc., P.O. Box 563, 6 So. Main St., Farmington, NH 03835 — Telephone 755-2202 — between the hours of 8 AM — 4 PM, Monday through Friday.

REPORT OF THE RECREATION COMMISSION

The 1977 beach season at Bow Lake Dam was from June 26 through September 5, with supervision from 10 AM to 5 PM seven days a week, except in bad weather. Attendance continued high, with an estimated 200-plus persons present in the Dam area at the peak period on the busiest weekend. No doubt several times that number used the area during the entire day. There was little vandalism and injuries were few and slight.

We employed two qualified lifeguards, one for week days plus instructing, the other for weekends with some additional time during the teaching. 103 youngsters participated in the instruction, with 70 passing and qualifying for Red Cross certificates in six categories. Fees (\$3 per child, \$7 family maximum) totalled \$283 and were turned over to the Town.

We propose a somewhat lower appropriation for 1978 and, with fees unchanged, estimate a net expenditure of \$1700, compared to the actual figure of \$1862.75 for 1977. These figures allow for the addition of some sand to the beaches and for moderate increases in hourly wage rates. However, we propose to eliminate the soccer program and to reduce total lifeguard hours by having only one on duty, even though the week-day guard will be mostly occupied with teaching.

A 1975 petition to the State to provide a boat launching facility on Bow Lake was withdrawn this year by request of the Selectmen at the suggestion of this Commission. After three years of operation, we have concluded that the needs of boat owners are met by the south beach outside of swimming hours and by a ramp further up Water Street. We are still considering a town dock or "docking wall", the original purpose of the Recreation Fund. By 1979 Town Meeting we hope to have either a completed facility, definite plans for one or recommendations for disposition of the Fund. We no longer feel, as was originally proposed, that it would be desirable to fence the Dam area.

RECREATION COMMISSION REPORT (cont.)

The 1977 season produced no significant operating problems other than that the members of the Commission are not prepared to give daily personal supervision. We were grateful to the Selectmen for assuming responsibility for trash removal; we believe most of the trash deposited at the Dam is brought there by persons other than those using the beaches, outside of posted hours and before and after the ten week season.

The Recreation Commission will have some recommendations for the Town's Comprehensive Master Plan now being formulated. In this regard we earnestly ask for suggestions as to our present and future programs and activities.

REPORT OF THE SUPERINTENDENT AND ASSISTANT SUPERINTENDENT OF SCHOOLS (cont)

The Supervisory Union Office has undergone extensive reorganization this past year with the specific objective being the improvement of services available to the School Districts in Supervisory Union No. 44. Improvements in the bookkeeping procedures for Federal funds and re-structuring the secretarial staff are examples of this reorganization. Other changes include the selection by the Supervisory Union School Board of Mr. Bernard R. Davis as our new Assistant Superintendent effective July 25, 1977. The position of Special Education Coordinator was created for the first time this year and Miss Sally D. Butler was selected for this position effective August 1, 1977. Her duties include working with Special Education teachers in each School District, monitoring out-of-district pupil placements, serving as liaison with the Strafford Learning Center and as the Supervisory Union's contact person with the Special Education section in the State Department of Education. As I indicated in last year's report, Public Law 94-142 is and will continue to have far reaching impact on local School District budgets. Miss Butler's position has become necessary due to the voluminous paperwork mandated by this new Federal legislation.

Curriculum development and refinement has been an objective of Mr. Boyle's and the teachers this year. They have been working diligently in this area and have continued to improve the educational opportunities available to the children of Strafford. This effort represents a State-wide trend to have local School District's identify meaningful guidelines to be used in developing on going processes which will (a) identify educational objectives, (b) identify student outcome, (c) identify curriculum modification and (d) developing effective testing procedures.

This year a new teacher evaluations process was adopted by the Supervisory Union School Board. The development of this process represented many hours of effort by a sub-committee composed of teachers, administrators and a School Board representative and was Chaired by Mr. Boyle. The development of this new process reflects the increased emphasis placed on evaluating the learning process throughout the Supervisory Union. During the 1975-76 school year 165 teacher evaluations were completed throughout the Union. Last year that figure increased to 209 evaluations and as of this date this year 204 evaluations have been completed.

In addition to increased emphasis on teacher evaluations many hours have been devoted by School Board members and administration to refining and updating school board policies in the individual districts. Strafford is no exception. Clearly stated board policies provide clear direction to the principal and staff concerning the operation of the school. I commend the Strafford School Board for accomplishing the task of updating the School Board Policies in a thoughtful and productive fashion.

In summary, we wish to express our appreciation to the members of the School Board, the teachers, pupils and citizens for the cooperation exhibited during the past year. We look forward to a long and productive relationship in which our mutual goal will continue to be the best possible education for our young people.

Respectfully submitted,
BARRY L. CLOUGH, Superintendent
BERNARD R. DAVIS, Assistant Superintendent

HEALTH SERVICES 1976 – 1977

The health services continues to expand its educational programs in all grades, and includes information on nutrition, hygiene, dental care, safety, drugs and alcohol, and life education. Visual and auditory screenings are done yearly and parents are notified when defects are noted or attention and referrals are needed in areas of dental or physical health.

S.A.Y. sponsored the dental prophylaxis program, providing topical fluoride application to 153 students K-8. We are grateful to Anne Huckins, our hygienist, who has been so faithful since this program began, and the continued interest and support of the S.A.Y.

New this year was the "Self evaluation" workshop, conducted by Jill Grossman and Deborah Willey, seniors at UNH, under the direction of school psychologist, Tony Cavalaro. This was a rewarding experience for all twenty-one students whose parents gave permission to participate. It was a ten week program, meeting once a week.

Our new film library began with the purchase of a "Health and Growth Series", which includes four film strips with tapes, "There's a New You Comin", (Girls), "There's a New You Comin" (Boys), "The Growing Trip", and "VD—20th Century Plague". The opportunity was made available for parents to view these approved additions to our curriculum when S.A.Y. had us present its April program. Our "captive" audience responded favorably to the presentation of this material. Another opportunity to view this material was made at an "open" house, both afternoon and evening. THREE interested parents saw these films, and NONE came to see "I'm Seventeen and Pregnant".

Our second series of films include an excellent drug program for grades 1-8. In June the arrival of seven film strips and tapes on safety; bicycle, water, pedestrian, fire, etc. and eight more on "You and Your Health"; Body senses, touch, sound, smell, etc., will be of great benefit to the students and add to our teaching materials. These were purchased through the efforts of Bernice Omand, by the S.A.Y., Strafford Women's Club, Bow Lake Ladies Circle and Bow Lake Community Club. Our sincere thanks for your continued interest and concern.

My special thanks to all our staff members, whose cooperation and dedication continue to aid our students in becoming contributing members of our community. We consider our students, individuals who need the support and guidance from school, community, and home. The staff welcomes the opportunity to share our teaching material with parents, arrange conferences to answer questions and help with problems. Our doors are always open and we welcome your knock.

Sincerely,
LOIS FISTERE, R.N.
